OVERVIEW

This technical report contains confidential numerical scale and item-level data arising from completion of the NEO PI-R. Access to this information is restricted to those who are qualified to interpret the NEO PI-R. This restriction maintains accuracy of interpretation by preventing misunderstandings of the data.

For test takers and assessors who are not qualified to interpret the NEO PI-R, the results have been analysed into two descriptive narrative formats as follows:

- i) **The NEO PI-R Personal Insight Report** is a generic interpretation which describes typical behavioural style. It has broad application in a range of contexts.
- ii) **The Primary Colours Leadership Report** is designed to provide both test taker and test user with insights into the compatibility between the test taker's personality and the tasks of leadership as delineated by the Primary Colours Leadership Model, a registered trademark of the Edgecumbe Consulting Group. It is intended for use as part of a supervised leadership coaching process and as a starting point for leadership development planning.
